Presents the

2014 Winter Family Fair

You are invited to participate with us in our Winter Family Fair. The focus of the fair is to help students move from school settings to work settings and into adulthood. There will be informational sessions to learn about creative housing and maximizing independence, using technology and promoting community involvement to prevent abuse and neglect. We would like to provide individuals, families and school personnel information in the following areas:

Day Programs
Vocational Supports
Job Training
Employment

In-Home Supports
Residential Options
Community Supports
Technology

Recreation
Guardianship
Self Determination
Transportation

This is a good opportunity for you, as a provider, to meet with individuals, families and school personnel to provide them with information about what your agency can offer. We are also extending this invitation to local community/municipal agencies and probate courts.

We are hoping to have as many providers as possible attend the Fair. Each agency will be furnished a 6-foot long table for displaying information about their services.
